TELLS HOW BRYAN GAINED KANSAS CITY PLATFORM.

Prince David of Hawaii Out of Gratitude to Silver Leader Cast His Vote With the Scant Majority.

REPUBLIC SPECIAL.

Washington, Jan. 22 .- "I see that Colo rel Bryan wants the next Democratic National Convention to ratify the Kansas City platform in its entirety," said M. D. Garwood of Chicago this evening.

"A good many people will recall the fact that Colonel Bryan got at Kansas City reaffirmation of the platform of 1896 by the slender majority of one vote. Prince David, the delegate from Hawaii, cast the vote that saved the old platform with its news are objecting to, and which they

vote that saved the old platform with its declaration in favor of the 16-to-1 reiteration.

"The inside of this affair is interesting, and up to this time has never been in print. This Prince David, an amiable and fairly intelligent young Kanaka, was a delegate to the convention. He knew but little as to the merits of the free silver cause, and in reality cared less. His adhesion to Bryan was, as he told me, based on a sentiment of gratitude.

"He said that when former Queen Lil had been despoiled of her throne, Colonel Bryan had taken her side, and expressed the opinion that a great act of injustice had been perpetrated. The Prince had at last got to a place where he could return a kindness, and he threw his vote in favor of again affirming the plank as dictated by Mr. Bryan."

CONSTRUCTION OF SEVERAL FEDERAL BUILDINGS DELAYED

Delay in Securing Sites Caused Time in Which Appropriation Was Available to Lapse.

REPUBLIC SPECIAL Washington, Jan. 22.-In a recommenda tion to Congress to-day Secretary Shaw of the Treasury has asked for the extension of time in which to secure suitable sites

for various Federal buildings. Under the present law money appropriated by Congress for this purpose, and not used within two years, becomes unavailable, and the act of appropriation becomes

able, and the act of appropriation becomes void. Accompanying his recommendation the Secretary submitted a list of places where such funds would lapse into the Treasury.

Among them is Okiahoma City. Ok., for which Congress nearly two years ago appropriated \$50,000 for the purchase of a site and construction of a Federal huilding, provided that a site would be offered at a cost of not more than \$1.

At the time the appropriation was made this offer was promised by public-spirited citizens in the Territory, who have failed to make good.

"We are grateful to Congress, to the President, to Secretary Wilson and to everybody who has aided us in this effort," he continued. "It looks as though the genius of man ought to prevail against a miserable insect, but it must be confessed that, so far, the boll weevil has come out shead in the war that has been waged for its extermination.

"At the same time, now that we have the sinews of war to keep up the battle, I am hopeful for ultimate victory."

BAND OF CHEROKEES CAUSING UNEASINESS.

Hundreds of the Full-Bloods Leave Their Homes and Congregate on Banks of Illinois River.

REPUBLIC SPECIAL Checotah, I. T., Jan. 22.-News was brought to Checotah to-day from the Caadian District of the Cherokee Nation which is only a few miles east of this place, that there is great excitement among the people over there on account of the actions of many of the Cherokees. Hundreds of the full-bloods throughout the district are leaving their homes and property and congregating upon the Illinois River, where they are holding a

meeting with the Keetoowchs. They have been restless and impatient for many months, and now that winter is upon them, and many are in almoestitute circumstances, they are becom-

destitute circumstances, they are becoming desperate.

The Canadian District is one of the most enlightened and intelligent districts in the Cherokee Nation as a whole, but the unprogressive element are dissatisfied over the changes that are now taking place, and grave fears are entertained by the whites and half-breeds as to what the full-bloods will do. Threats of murder and arson have been made by them.

Crazy Snake and several of his followers from the Creek Nation are in the convention. Crazy Snake' has just returned from Washington, where he was unsuccessful in his mission.

Bargains in Men's Furnishings. Bargains in Men's Furnishings.

Diel's great reduction sale at the Sixth street store yesterday attracted a constant throng of purchasers, notwithstanding the winter weather. The rush was so great that the doors had to be locked at intervals. This sale was brought about by the recent fire, which damaged the goods to some extent by smoke and water. The sale started at No. 303 North Sixth street at 8 o'clock Friday morning, and will continue until all goods are exhausted. The announcement of this firm in the papers indicates extraordinary bargains of goods allghity damaged, saide from other bargains to be had. It will be advisable to make purchases early to get first choice. 

Women's Woes.

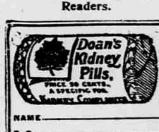

It does seem that women have more than a fair share of the aches and pains that affect humanity; they must "keep up," must attend to daily duties in spite of constant aching back, of headaches, dizzy spells, bearing-down pains: they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills.

Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only, that helps and cures the kidneys, and is indorsed by people you know.

St. Louis Proof.

Mrs. J. L. Webber of 2607 Caroline street says: "I have no idea what caused my back to ache for four or five months, nor do I know why during the latter part of that time it became more severe, but I noticed that if I contracted the slightest cold the aching was increased, and often-too often to be pleasant-I was scarcely able to get around to perform the ordinary household duties. Seeing Doan's Kidney Pills advertised, I procured a box at the Wolff-Wilson Drug Co. and took them according to directions. They stopped the aching across my loins and strengthened the lame back in a very short time. I am only too pleased to add my indersation to others in St. Louis."

Reorganization Plan for Shipyards Trust Approved by Receiver Smith.

BONDHOLDERS NOT SATISFIED.

Commonwealth Trust Company Also Objects to Arrangement Which Would Keep Promoter in Control.

New Nork, Jan. 22—An agreement on terms of the reorganization of the United States Shipbuilding Company and the abandonment of the Sheldon reorganization plan, it is understood on good autthority, has been substantially reached this week between Receiver Smith of the company and Charles M. Schwab and members of the Sheldon syndicate, but this plan, it is said, is acceptable to neither the Bondholders' Protective Com-mittee nor to the Commonwealth Trust Company, and the litigation is practically bound to continue unless the Schwab interests make still further concessions. The plan, as outlined tentatively, provided for the retention of control by Schwab, giving him \$9,000,00 preferred and \$6,000,000 common out of a total of approximately \$50,000,000 stock of the reor-

ganized company, the remaining \$6,000,000 preferred and \$9,000,000 common going to the other interests. Under it Mr. Schwab abandoned his contention that his mortgage on the Bethlehem plant should have priority over the first-mortgage bonds on the entire ship-building company property, this being one of the features of the Sheldon plan.

STATE'S WITNESSES ABSENT.

Policy Cases Again Continued -Fictitious Addresses.

Judge Taylor yesterday, for the second time in a week, continued the cases of State Senators John P. Collins and William J. Schoenlaub, John J. Moynihan, Frank Cronin and Louis Miller, who are charged with establishing lottery and policy games in St. Louis, because of the absence of State witnesses

Chief Deputy Sheriff Schilling declared after he had been informed that Judge Taylor was dissatisfied with the inability of the deputies assigned to summon the witnesses, that he believed some of those who appeared before the Grand Jury to testify against the defendants gave inctitious names. He declares that every effort has been made to find the witnesses at the addresses given, but that no such persons could be found.

Judge Taylor passed the cases to January 23, despite the objection of counsel for the defendants, who announced ready for trial, and will give the Sheriff's office another opportunity to get the State's witnesses into court.

WILL LOWER RIVER DAM. Action to Guard Illinois Lowlands From Inundation.

REPUBLIC SPECIAL Washington, Jan. 12. — Representative Rainey of Illinois to-day introduced a joint resolution to provide for lowering by two feet the dams in the Illinois River at Campsville and La Grange, This bill, Mr. Rainey has been advised,

will meet the approval of the War Department, and it probably will be passed by Congress. If this is done, Mr. Rainey hopes it will mean the entire removal, eventually, of these two dams. At present they are six feet in height and cause overflows which seriously damage the adjacent farm lands. The reduction to four feet would cause some relief, but it is said the matter of further lower-ing them will be urged if overflows should continue after this reduction has been WINTER RESORTS.
